Small Business Loan Information: Missouri and Kansas

March 23, 2020

COVID-19

A message from the Greater Kansas City Chamber of Commerce:

Kansas and Missouri have been granted eligibility by the US Small Business Administration (SBA) to allow for small businesses and nonprofits in the state to apply for low-interest disaster loans for working capital. These loans, known as Economic Injury Disaster Loans, offer up to \$2 million in assistance and support to help pay fixed debts, payroll, accounts payable, and other bills that small businesses and nonprofits are struggling to pay because of COVID-19.

For more information on the loans and where to apply for aid online, please [visit this page](#) on the SBA's website.

Click [here](#) for an additional info packet prepared specifically for the Kansas City Business Community.

For more updates and resources from Seigfreid Bingham, please visit our [COVID-19 Resources](#) page.
