

Tips for Navigating Physician Practice and ASC Transactions During COVID-19

December 16, 2020

Lori Beam, shareholder, was published in the fourth quarter issue of *Kansas City Medicine*.

Just as the positivity rate in COVID-19 cases continues to go up, the positivity rate for physicians considering selling their private practices has also been trending upward. Read the published article, *Tips for Navigating Physician Practice and ASC Transactions During COVID-19* in full here.

Throughout her 25+ year career, Lori has helped hospitals, physicians and other health care providers with a broad range of business contracts and issues. Read more about her practice here.
